In reference to the letter dated June 4, 1981, concerning Dimethyl Formamide monitoring at the Hillsboro plant, and conversation between N. Pocock and myself dated June 29, 1981, the following equipment and information are forwarded for sampling DMF:

1. Bulk sample vial.
2. Eleven silica gel tubes.
3. National Institute for Occupational Safety and Health (NIOSH) sampling data sheet on Dimethyl Formamide.
4. Air Monitoring Data Sheets.

Please return the samples and Data Sheets upon completion of sampling and we will have the samples analyzed. If you have any questions, please feel free to contact me.
