

October 25, 1973

Dr. Jerome F. Cole
Director, Environmental Health
Lead Industries Association, Inc.
292 Madison Avenue
New York, New York 10017

Dear Dr. Cole:

It was a pleasure to meet you
and to hear your excellent paper at
Bedford Springs on September 29.

I want to thank you for sending
me a copy of the informative and
significant position paper on "Industrial
Inorganic Lead Poisoning - A Program
for Prevention" that I have read with
interest and that sets forth clearly
the occupational health procedures
recommended.

Sincerely yours,
James S. Swans
