location: Eastern Operations

subject: NON-ASBESTOS READY MIX

date: November 12, 1974

Confirming our telephone conversation. In follow up with Ned Hotfner on use of ready mix, we were advised that they are primarily interested in asbestos free bag goods. They would use the ready mix as a stop gap only.

We have asbestos free bag goods enroute from Marietta to Akron. Bob Hartman will arrange to supply them with this material for trial.

As agreed Milford was advised and the asbestos free ready mix will not be made at this time. We will also keep all concerned advised as to the acceptance of the asbestos free bag goods.
