Mr. Oscar B. Lewis.

Dear Oscar:

By way of comment, I call to your attention the picture in the lower left-hand corner of Page 8 of the January issue of ETHYL NEWS, showing our Mr. McFarlane mixing Ethyl on the bank of the Mackenzie River at Port Norman.

This does not appear to me to be very favorable publicity in view of the safety program that is in progress with our licensees on mixing Ethyl with gasoline.

While we admit that under certain special circumstances such a procedure might be allowable, nevertheless, certainly no publicity should be given.

Very truly yours,

J. H. Schaefer
