Subject: [EXTERNAL] DO YOU SUPPORT AMERICAN ENERGY INDEPENDENCE?

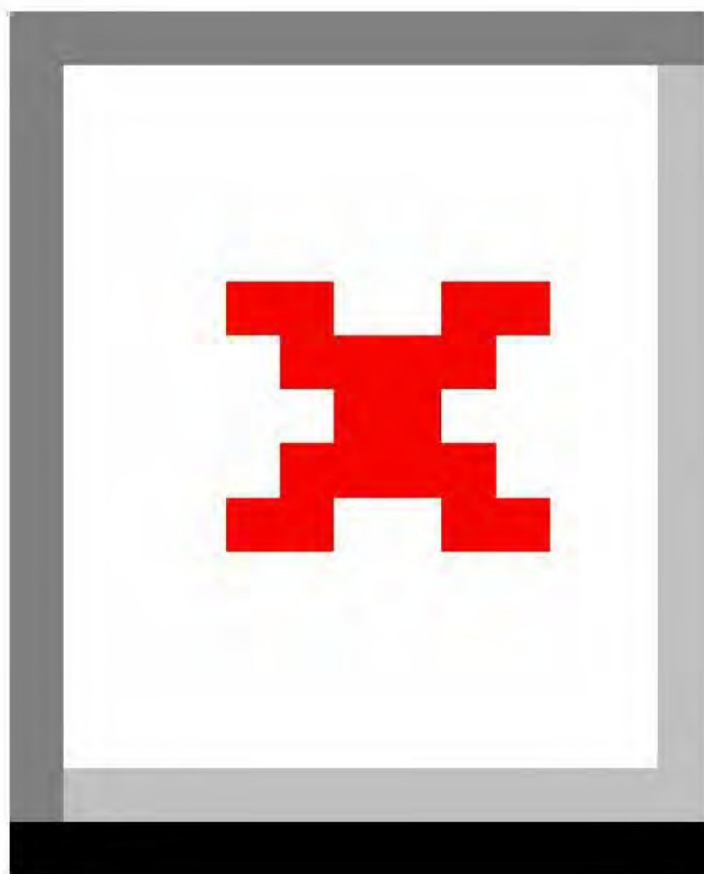

Eric --

The fight for energy independence is happening now, and we need to show strong public support to keep America in control of its own energy future.

We're asking **YOU** to weigh in. With global uncertainty rising and energy needs growing here at home, it's never been more important to show that Americans want leaders to take action to protect our energy independence.

[**Make your voice count. Take the poll!**](#)

Your answer will help us demonstrate overwhelming public support to lawmakers and the media.

Why it matters:

- Foreign energy dependence weakens our national security.
- Texas oil and natural gas powers American homes, jobs, and industry.
- Your support helps protect energy innovation, jobs, and independence.

Don't stay silent.

A strong response can keep energy decisions in American hands.
