While appreciating the opportunity, my company declines to participate.

CMA has estimated that 15% of the June 1, 1996 - May 31, 1997 fiscal year "does and similar income" is allocable to lobbying and political expenditures to which Section 162(e)(1) of the Internal Revenue Code of 1986, as amended, applies. Consequently, this portion of your commitment is not deductible as an ordinary and necessary business expense for federal income tax purposes. Further, contributions to CMA are not tax deductible as charitable contributions.
