Dear Mr. Barnes:

Our Association would still like to order the printing of 1,000 copies of Dr. Robert A. Kehoe's chapter on Lead in the last edition of Volume II of INDUSTRIAL HYGIENE AND TOXICOLOGY. In your letter of December 26, 1962 to Dr. Robert Kehoe, you stated that permission at the moment was refused, however if the need arose a year after publication, you would be willing to grant the requested permission.

Dr. Kehoe has already given us his permission. We would appreciate receiving your permission to print these copies.

Thank you for your attention to this matter.

Very truly yours,

Don G. Fowler
