

REGION 6

DALLAS, TX 75270

March 18, 2025

Re: Clean Air Act 112(r) investigation of the December 2, 2024, incident at US Foods, Oklahoma City, Oklahoma.

Dear Ms. Wingo:

Thank you for the information that you provided the U.S. Environmental Protection Agency (EPA), Region 6, Enforcement and Compliance Assurance Division regarding the incident identified above. At this time, Region 6 is not electing to pursue an enforcement action or request additional information relating to this incident pursuant to Section 112(r) of the Clean Air Act (CAA).

This letter does not constitute a decision as to your compliance with the CAA and does not limit EPA's ability to pursue additional investigations or issue enforcement actions relating to this event, or similar events, in the future.

We encourage you to examine the causes of this incident and take any necessary actions to prevent a recurrence.

If you have any questions about this letter or EPA Region 6's response to the above incident, then please contact Michael Spillman, enforcement officer of my staff, at (214) 665-3143 or spillman.michael@epa.gov.

Sincerely,

Kayla Buchanan
Acting Supervisor
Chemical Accident Enforcement Section
