Ms. JoAnn Thomas
Borg Warner
P.O. Box 959
Parkersburg, WV 26101

Dear JoAnn:

Enclosed are Material Safety Data Sheets for Conoco Chemicals' ALFOL 1216 and 1416 Alcohols. Both of these products are on the Toxic Substances Control Act Inventory List.

As we discussed, I will be sending you additional information on decomposition temperatures for these products. The molecular weight range for ALFOL 1416 is 216-229 with a typical of 224.

Sincerely,

Thomas G. Grumbles, C.I.H.
Director, Industrial Hygiene

Englewood, CO 80150

Dear Kay:

Enclosed is an annotated list of Conoco Chemicals' product MSDSs. Due to one plant closing and two plant acquisitions by DuPont there are many changes.

Basically all products from the Newark plant are no longer made. Any products from Chocolate Bayou or Matagorda are now DuPont products. I tried to circle all of these although I may have missed some synonyms.

Sincerely,

Thomas G. Grumbles, C.I.H.
Director, Industrial Hygiene
