RE: SOUTHWEST/TEXAS SECTIONS, AWWA, ANNUAL CONFERENCE
LITTLE ROCK, ARKANSAS, OCTOBER 14-17, 1984

Dear Mr. Perrell:

The above conference will be held at the new Little Rock Excelsior Hotel/Statehouse Convention Center. This is a beautiful new facility and is somewhat unique in that the lower level of the hotel is owned and operated by the Little Rock Bureau for Conventions and Visitors as an Exhibition Hall. This facility is located adjacent to the Arkansas River and Riverfront Park, which is a new park along the river.

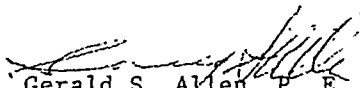

It is my opinion that the exhibits are a vital part of our conference and provide an opportunity for attendees to see the latest equipment and materials used in the water and wastewater industry. Typically, I will spend as much time in the exhibit area as I do in the technical sessions of conferences. I believe this is true of many of those attending our conference.

The Water and Wastewater Equipment Manufacturer's Association, Inc. will be managing the exhibits for the conference in Little Rock. I appreciate your exhibiting at the conference in San Antonio last year and hope that you will give consideration to an exhibit in Little Rock this Fall.

The contact person for exhibits is Ms. Carol A. Wilt, Director of Meetings and Administration, WWEMA. Her address is P. O. Box 17402, Dulles International Airport, Washington, D. C. 20041. You may contact her by telephone at (703) 661-8011.

Your assistance in making the Little Rock conference one of the most successful ever will be greatly appreciated. If I may be of assistance, please do not hesitate to call me.
