Listen to Du Pont's "CAMPAIGN OF AMERICA"

Magnified Cross-Section shows Self-Cleaning Process

All paints collect dust and dirt during the first few months.

With Du Pont House Paint, a fine white powder forms on the surface after a few months.

Slow wash off this powder—and with it, much of the accumulated dirt and grime.

Self-Cleaning leaves surface clean and white... leaves it sparkling white for years. This cleaning process is gradual and does not noticeably affect the long life of the paint.
