Section I – INTRODUCTION

PURPOSE OF THE INSPECTION

I, EPA Region 6 inspector Lee McMillan began a routine neutral scheme investigation. I arrived at the FCS Distribution, LLC (FCS) at 11:25 AM on January 12, 2026, for an unannounced inspection. I presented my credentials to Mr. Abelardo Matamoros and informed him that I was there to conduct an EPA inspection to determine compliance with the Federal Insecticide Fungicide Rodenticide Act (FIFRA). The scope of the inspection would be to review documents and any pesticide products for evaluation of the compliance with FIFRA (40 CFR Subpart 169.3 – Inspections).

FACILITY DESCRIPTION

FCS Distribution, LLC is based in Houston, Texas. FCS is a supermarket/grocery store wholesaler, primarily engaged in direct-to-store sales of all sorts of grocery items such as canned foods, dry goods, disposables, snacks, and detergents. The company began in 2015. The company has 7 employees and has annual revenue of approximately \$3 million.

Section II - OBSERVATIONS

On January 12, 2026, I met with Mr. Abelardo Matamoros and discussed the company's business. At approximately 11:20 AM, I toured and inspected the FCS facility. During the investigation I viewed the FCS Warehouse area. Mr. Matamoros informed me that the business also has a warehouse in Dallas, TX that houses more snacks for distribution. Multiple photos were taken during the inspection of the Warehouse (Appendix 1: Photograph Log).

While inspecting the warehouse I observed several pallets of Fabuloso available for sale. I documented boxes and individual containers of Fabuloso with Spanish labeling that did not appear to comply with FIFRA regulations. I documented the following: (44) 12-pack boxes of Fabuloso Ultra Frescura Antibacterial Y Antiviral Fresco Amanecer scent in 1L containers; (27) 12-pack boxes Fabuloso Ultra Frescura Antibacterial Y Antiviral Mar Fresco scent in 1L containers; (10) Fabuloso Ultra Frescura Antibacterial Y Antiviral Fresca Lavanda scent in 1L containers, (27) 12-pack boxes of Fabuloso Alternativa al Cloro Fresca Primavera scent in 1L containers, (60) 12-pack boxes of Fabuloso Ultra Frescura Antibacterial Y Antiviral Fresca Brisa Primavera scent in 1L containers, and (20) 2-pack boxes Fabuloso Ultra Frescura Antibacterial Y Antiviral Fresca Lavanda scent in 10L containers.

The claims made on the labeling included, but were not limited to the following: "Neutralizes Bad Odors, Viruses and Bacteria", "Neutralizes bad odors, cleans effectively, eliminates viruses and bacteria and leaves a long-lasting fragrance", and "Eliminates 99.9% of P. aeruginosa, E. coli, S. aureus and S typhimurium, and of Influenza A H1N1, Human Coronavirus OC43, Sars- CoV-2 viruses". Photos were taken of the various products. I concluded the tour of the facility warehouse at 12:08 PM.

Section III – AREAS OF CONCERN

I conducted a closing conference with Mr. Matamoros at 12:10 PM on January 12, 2026. I made Mr. Matamoros aware of the Fabuloso products that appeared to be out of compliance with FIFRA. I provided compliance assistance and educated Mr. Matamoros on what to look for with products going forward. I also requested additional documentation supporting the shipments of the warehouse Fabuloso products. I concluded the inspection and exited the facility at 12:30 PM.

Section IV – FOLLOW UP

At the time of the inspection on January 12, 2026, the following documents were requested: 1) Purchase Records or Invoices from Suppliers/Vendors of all the Fabuloso products for the past 3 years, 2) Vendor and Sales Marketing Materials, and 3) Sales and Distribution Records/Reports for FCS for the past 3 years. A follow-up email was sent via the GoAnywhere secure document transfer system on January 13, 2026; however, no response was received. No additional documentation has been received to date. Additional follow-up will be required.
