2nd March, 1962.

The General Superintendent,
Australian Blue Asbestos Pty. Ltd.,
89 St. George's Terrace,
PERTH.

Dear Sir,

Asbestosis.

1. The matters mentioned in your letter of the 27th February will be carefully considered when I examine the data concerning the asbestosis hazard. I certainly have no desire to do anything which will not be fair to you. It may be that the data will not be regarded by me as justifying an approach to the Premium Rates Committee in which case the existing conditions will continue.

2. I shall be pleased to have a discussion with you at any appropriate time.

Yours faithfully,

GENERAL MANAGER.
