Dennis –

I hope all is well.

I have an odd favor to ask of you. Three oil and gas associations in the region (Marcellus Shale Coalition-PA, Ohio Oil and Gas Association, and the West Virginia Oil and Gas Association) are putting on the annual Shale Insight conference in Pittsburgh, PA. <http://shaleinsight.com/> I chair the MSC and I am on the Board of OOGA. The conference runs September 27-28 at the convention center. I understand conference organizers have invited EPA Administrator Pruitt to speak. Last year, Donald Trump attended. We try to secure high ranking officials to speak.

If you feel it is appropriate to do so, would it be possible to put in a good word with the Administrator?

Thanks for your consideration

David E. Callahan

The Marcellus Shale Coalition (MSC), the Ohio Oil and Gas Association (OOGA) and the West Virginia Oil and Natural Gas Association (WVONGA), are pleased to announce the seventh annual SHALE INSIGHT™ Conference, which will take place in the heart of the Marcellus and Utica shale gas plays on September 27 and 28, 2017 at the David L. Lawrence Convention Center in Pittsburgh, Pennsylvania. This industry-leading event focuses on all phases of the domestic oil and natural gas industry primarily centered on the Utica and Marcellus shales and the positive impacts shale development is providing the region.

As part of the SHALE INSIGHT™ 2017 conference I would like to personally invite you to be a featured speaker on the morning of September 28, 2017. The total presentation time is 30 minutes and would focus on your vision of how the Environmental Protection Agency will be administered under your, and President Trump's, leadership. We would be extremely honored to have your participation. Previous featured speakers have included 2016 Presidential Candidate Donald Trump and former New York Mayor Rudy Giuliani.

As you know, America has entered into a new era of energy abundance driven by responsible shale development. This transformation is creating jobs, bolstering economic growth, sparking new manufacturing investments and fundamentally shifting the world's geopolitical landscape -- enabling the United States to project a newfound position of strength. The federal government's impact on the success or failure of these opportunities cannot be overstated.

SHALE INSIGHT™ is an important forum to address these positive developments, and we would be excited to have you share your expertise. For additional conference information, please visit www.ShaleInsight.com. Should you have any questions, please contact me at shawn@ooga.org or (614) 824-3901.

Thank you in advance for your consideration.

Sincerely,

Shawn Bennett
Executive Vice President
Ohio Oil and Gas Association

Thank you Mr. Jackson - very much appreciated. On behalf of the RNG industry, I look forward to meeting with you.

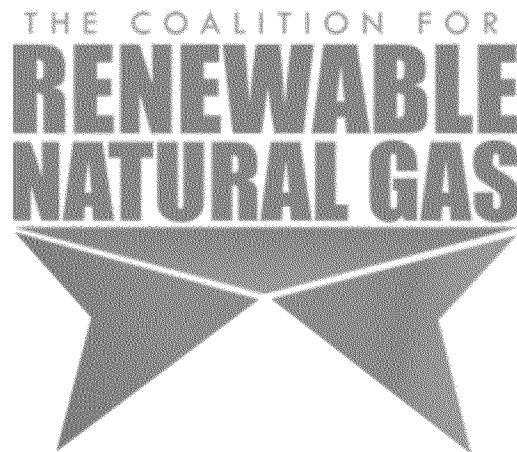

Likewise, thank you Sharnette and Ryan (Cunius) for coordinating schedules.
