

1 Q Mr. McGovern would be only one?

2 A Yes.

3 Q You indicate that the Institute lost two long-time
4 active members in this time period, this would be during Mr.
5 Greenen's presidency 1971 to 1973, those would be Silver Line
6 Products, Inc. and Johns-Manville Corporation. Let me ask
7 you, what did Silver Line Products, Inc. manufacture?

8 A I believe brake linings.

9 Q Tell me what you recall about why they, as a brake
10 lining manufacturer, left the FMSI in this time period.

11 MR. FRIESTEDT: Objection.

12 A I believe Silver Line went out of the business and
13 Johns-Manville was -- Johns-Manville was -- no longer
14 wanted to -- I don't know whether it was still in the brake
15 lining business. They may have gone out of the brake lining
16 business.

17 Q And what causes you to say that? Do you have a
18 recollection of some document or something that you received?

19 A No. But I think they wanted out of the brake
20 lining business sometime. Don't forget this is 36 years ago
21 and I'm 76 years old, I can't remember everything. I think
22 then went out of the brake lining business. I know they went
23 out of the brake lining business sometime, I don't know when.
