Subject: Re: Dinner tomorrow night?

Thank I'm out of town this weekend but yeah Epa doesn't think round up causes cancer. There's no reliable evidence of that. OCSPF tells me that all the time. All chemicals under FIFRA go through a review every 15 years and that's all that's happening on EPA's end but there is that European finding which we discount.

Ryan Jackson
Chief of Staff
U.S. EPA

Ex. 6 - Personal Privacy
