Subject: Benzene Shanghai Study

Susan:

Just a note of appreciation regarding the assistance we have received from Tarita on behalf of the Benzene Shanghai study. In a very short period of time, she has managed to 1) come up to speed on the major financial issues regarding this study, 2) developed and communicated avenues for improvement, and 3) successfully sold these recommendations to the consortium.

On behalf of the entire consortium - not only Shell's interest - much thanks are due to her for her efforts.

Please forward as appropriate

Stuart
