

KOCH
INDUSTRIES INC

ANNOUNCEMENT

Effective October 1, 1992 Nels Anderson will transfer to Koch Industries Inc., Technology and Engineering (KITE) in Wichita, Kansas. Nels was previously assigned to the Phase II Task Force with responsibility for the Mid-Plant Offsites and the Sulfur Recovery Units. Prior to the Task Force assignment, he completed projects such as the Marine Vapor Recovery Unit for the Refinery Project Engineering Department. Nels joined Koch Refining Company in June of 1989 after graduating from Kansas State University.

Please join us in wishing Nels continued success in his new assignment.
