Like the Bark of a Tree

Paint protects and preserves the surface it covers. Moisture, the sun's intense rays, and drying winds, play havoc with the unpainted surfaces of Buildings.

Wood loses its life and decays, metal rusts and gradually falls to pieces, and paint, Fuller's Paint, would safeguard the surfaces and prevent destruction.

Measured by years of wear, good paint is an investment and not an expense. W. P. Fuller & Company make paints for every purpose, paints that protect and beautify. They are the best looking and best wearing paints that skill and experience can make.

Save the
surface and
you save
all
