Subject: Thank you for meeting from the AAP

Dear Ryan:

I would be grateful if you could pass this message along to Administrator Pruitt.

Thank you,

Karen Remley, MD, MBA, MPH, FAAP

CEO/Executive Director

The American Academy of Pediatrics

Dear Administrator Pruitt:

On behalf of the American Academy of Pediatrics (AAP), we appreciate the opportunity to meet with you, Dr. Etzel, and your staff today regarding the EPA's role in protecting children's health. We valued the opportunity to express how the agency's policies have an impact on all facets of child well-being. We stand ready to help the EPA best protect children's health and will join in any effort to do so. Please do not hesitate to reach out to Ami Gadhia in our Department of Federal Affairs, at agadhia@aap.org or (202) 347-8600 or either of us if we can help in this very critical area for children's health and wellbeing. They are our collective future.

Regards,

Karen Remley, MD, MBA, MPH, FAAP
