

IN THE COURT OF COMMON PLEAS
CUYAHOGA COUNTY, OHIO

IN RE: ALL BARON & BUDD CASES : ASBESTOS MASTER CASE
IN WHICH MAREMONT CORPORATION : NUMBER 073958
IS NAMED AS DEFENDANT :

Plaintiffs, : (JUDGE HARRY A. HANNA)

-vs- :

A-BEST PRODUCTS COMPANY, ET AL., :

Defendants. :

MAREMONT'S RESONSES TO PLAINTIFFS'
MASTER SET OF INTERROGATORIES

Defendant Maremont Corporation ("Maremont") hereby responds to Plaintiffs' Master Set of Interrogatories ("discovery requests") without conceding, in any fashion, that any of the discovery requests request information that is either relevant or admissible as evidence in this action. Furthermore, Maremont has not completed its investigation of the facts relating to this case and has not completed its preparation for trial. As such, Maremont's responses to these discovery requests are given without prejudice to Maremont's right to produce evidence of any and all subsequently discovered facts and/or documents at the time of trial or at any other time.

PRELIMINARY STATEMENT

Maremont, One Noblitt Plaza, Columbus, Indiana 47201, incorporated in the State of Delaware, is primarily engaged in the manufacture and distribution of automotive exhaust systems, shock absorbers, MacPherson struts and related hardware and parts.

On or about December 15, 1953, Maremont purchased the assets of a company with a manufacturing facility located in Paulding, Ohio, known as the Grizzly Manufacturing Company ("Grizzly"). During its ownership of the Paulding facility, Maremont manufactured drum brake linings, clutch facings and disc brake pads. Maremont sold this division on or about June 30, 1977, to Nuturn Corporation.

Soon after the purchase by Nuturn, Nuturn closed the Paulding facility and transferred the manufacturing operation to a facility in Smithville, Tennessee. At this time, Maremont does not have in its employ any person or persons who previously worked at the Paulding facility. Furthermore, it appears that very few Maremont employees continued employment with Nuturn. Very little documentation exists within Maremont concerning the Paulding, Ohio operation. Any documentation pertaining to the site that was not discarded by Nuturn upon its move to Smithville would presumably be under the custody and control of Nuturn Corporation.

GENERAL OBJECTIONS

1. Maremont objects to plaintiffs' discovery requests on the grounds that they are overbroad, vague, unduly burdensome, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Plaintiffs' discovery requests have been propounded indiscriminately to every defendant without any attempt to tailor them to any individual defendant. Without waiving this objection and subject to the objections that follow, Maremont is providing information in response to plaintiffs' discovery requests.

2. Maremont objects to plaintiffs' discovery requests on the grounds that they improperly attempt to shift the burden of establishing product identification and causation from plaintiff to Maremont.

3. Maremont objects to plaintiffs' discovery requests to the extent they seek information relating to sales of asbestos-containing products by Maremont to any entity or entities other than entities specifically identified by plaintiffs as having been in the chain of distribution of an asbestos-containing product from Maremont to plaintiffs or plaintiffs' employers.

4. Maremont objects to plaintiffs' discovery requests to the extent they seek information protected from discovery by the attorney-client privilege or the work product doctrine.

5. Maremont objects to plaintiffs' discovery requests to the extent they seek disclosure of information generated by persons other than Maremont that has come into the possession of Maremont's counsel during the course of discovery and trial preparation in asbestos-related litigation.

6. Maremont objects to plaintiffs' discovery requests to the extent they seek information relating to products of other companies.

7. Maremont objects to plaintiffs' discovery requests to the extent they seek information subsequent to Maremont ceasing production of any asbestos-containing product.

8. Maremont objects to plaintiffs' discovery requests to the extent they seek information that is not under Maremont's custody or control or which is within the public domain or otherwise equally available to plaintiffs as to Maremont.

9. Many of the events about which plaintiffs' discovery requests inquire occurred forty or more years ago. Accordingly, each response that follows is qualified by the fact that through the passage of time, information and documents that once existed may no longer be available.

10. Maremont does not concede that any of its responses to plaintiffs' discovery requests are or will be admissible evidence at a trial of this action, and Maremont does not waive any objection, on any ground, whether or not asserted herein, to the use of any such answer at trial.

11. To the extent applicable, Maremont incorporates by reference each of its objections in each response that follows and reserves the right to amend or supplement its responses to plaintiffs' discovery requests to reflect information which may become available to it up until the time of trial.

OBJECTIONS TO DEFINITIONS AND INSTRUCTIONS

12. Maremont objects to the definitions supplied by plaintiffs with regard to these interrogatories and document requests on the grounds that the definitions are overly broad, vague, and often inconsistent with the normal usage and meaning of such words. These definitions constitute an unreasonable expansion of the requests themselves. Maremont has therefore responded to the interrogatories and document requests in the manner consistent with a

normal understanding of the language used in the response and to the extent necessary to fairly and fully respond to the interrogatories and requests.

13. Maremont objects to plaintiffs' definitions on the grounds that the terms "product containing asbestos fibers," "asbestos-containing products" and "asbestos products" are so broad, vague, ambiguous, uncertain, and calls for speculation, that Maremont cannot determine the precise nature of the information sought, and therefore cannot respond without an unreasonable risk of inadvertently providing a misleading, confusing, inaccurate, or incomplete response.

14. Maremont objects to plaintiffs' definitions to the extent those definitions and instructions request Maremont to make any inquiry beyond that which is required by the Ohio Rules of Procedure or to the extent they seek to include documents not within Maremont's custody or control.

INTERROGATORIES

1. For each Interrogatory below, please state the name and last known address of each person answering it, including whether he/she is employed by Defendant and if employed by Defendant include job title, length of time employed by Defendant and a year by year list of all other positions, titles, or jobs held when working for Defendant.

ANSWER:

See general objections. Maremont also objects to this interrogatory to the extent it seeks disclosure of information protected by the applicable privileges and immunities, and on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont states that much of the information sought by these interrogatories has been accumulated over time but not for purposes of responding to these interrogatories. It is not possible to now identify each person who, at some time, may have provided information that is now being used to answer these interrogatories. No single employee, officer, or agent of the

company has direct knowledge of the documents and information necessary to supply each and every response. The person signing these interrogatories does so to satisfy whatever requirements may exist under the applicable Rules of Civil Procedure. The person does not, however, have direct knowledge regarding any specific answer, but is informed that the review of the documents and discussions referred to above support the answers based upon the information available as to the date of signature.

1.1 Please identify all documents used, related to, or referred to in connection with the preparation of or answers to these Interrogatories and state the number of the Interrogatory and its subpart to each such document.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont refers plaintiffs to Interrogatory No. 1 and to its responses to plaintiffs' requests for documents.

2. Please state whether or not Defendant is a corporation. If so, please state:

- (a) Your correct corporate name;
- (b) The state of your incorporation;
- (c) The address of your principal place of business;
- (d) Your registered agent for service in the state of Ohio;
- (e) For each Defendant claiming that this Court lacks personal jurisdiction, list year by year the total amount of income received by Defendant from entities in Ohio, any and all years that Defendant, as defined, has been licensed to do business in Ohio, and any real property owned at any time by Defendant or its present or past subsidiaries.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably

calculated to lead to the discovery of admissible evidence. Subject to the general and specific objections, and without waiving same, Maremont responds: yes. Maremont Corporation was incorporated in Delaware in 1979, and its primary mailing address is One Noblitt Plaza, Columbus, Indiana 47201. Maremont's registered agent for service in Ohio is CT Corporation. Maremont has insufficient knowledge or belief to respond further to this interrogatory.

3. State Defendant's complete corporate or business history, including dates of incorporation, mergers, consolidations, reincorporations, and the like. Also provide historical information regarding all predecessors, prior names, asset purchases, acquisitions or spin-offs. In addition:

- (a) if Defendant or any of its predecessors or subsidiaries at any time purchased, assumed, or in any other manner acquired ANY of the assets and/or liabilities of any corporation or entity at any prior time engaged in any aspect of the placing of asbestos-containing products into the stream of commerce or the insuring of asbestos-related risks, then please state the following as to each acquisition:
- (b) the name or description of each corporation, entity or assets acquired by Defendant, that entity's state of incorporation and principal place of business, its date of incorporation, and the name of Defendant at the time of acquisition;
- (c) the manner by which each such corporation, entity or interest therein, was acquired (e.g., merger, consolidation, change of name, stock sale, transfer or purchase of assets or product line);
- (d) the date of each such acquisition;
- (e) the state in which each such acquisition was effected;
- (f) the state law governing each such acquisition if specified by contract;
- (g) whether Defendant became legally responsible for the past torts of each such corporation or entity;
- (h) identify each document reflecting or related to the history and/or transaction(s) set forth in answer to this Interrogatory.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the general and specific objections, and without waiving same, Maremont refers plaintiffs to the Preliminary Statement preceding these responses and to its responses to plaintiffs' requests for documents.

4. Please state whether or not Defendant has purchased, assumed, or in any other manner acquired any of the assets and/or liabilities of any corporation or entity (such corporations or entities being limited to those engaged in the mining, selling, manufacturing, marketing or distribution of asbestos-containing products.) If so, please state the following:

- (a) the name or description of each corporation, entity or assets acquired by Defendant, its state of incorporation and principal place of business, its date of incorporation, and the name of Defendant at the time of acquisition;
- (b) the manner by which each such corporation, entity, or interest therein, was acquired (e.g. merger, consolidation, change of name, stock sale, transfer or purchase of assets or product line);
- (c) the date of each such acquisition;
- (d) the state in which each such acquisition was effected;
- (e) the state law governing each such acquisition if specified by contract;
- (f) whether Defendant became legally responsible for the past torts of each such corporation or entity;
- (g) whether the acquisition concerned asbestos-containing products.

ANSWER:

See response to Interrogatory No. 3.

4.1 For each corporation, other than the answering Defendant, that has at any time in the past been involved in the placing of asbestos-containing products into the stream of commerce for which officers of the answering Defendant's corporation have also served as officers, directors or served in any managerial position while employed by the answering defendant, state:

- (a) the name of the entity involved in the placing of asbestos products into the stream of commerce;
- (b) the manner in which the entity was involved in the placing of asbestos containing products into the stream of commerce (i.e., mining, milling, manufacturing, distributing, installing, rebranding, etc.);
- (c) the specific products placed into the stream of commerce by the entity, year by year and by brand or trade name;
- (d) the name, positions and a brief description of the responsibilities of the person or persons serving the answering Defendant and the entity simultaneously, including the positions held with the entity and with the answering Defendant.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont designated an officer to sit on the Board of Directors of Nuturn from 1977 to 1982. One or more persons may have had such role during such time. Maremont has insufficient knowledge or belief to respond further to this interrogatory.

5. Has Defendant ever engaged in the mining, manufacturing, selling, marketing, installation or distribution of asbestos-containing products? If so, please state the following:

- (a) The name of the company engaged in the activity (whether it is Defendant, Defendant's predecessor, Defendant's subsidiary or some other entity related to Defendant);

- (b) As to each product mined, manufactured, sold, marketed, installed or distributed, please state the following:
- (1) The trade or brand name.
 - (2) Its identification number (model, serial number, etc.).
 - (3) The time period it was manufactured, mined, marketed, distributed or sold.
 - (4) Its physical description including color, general composition, and form.
 - (5) A detailed description of its intended use and purpose.
 - (6) A detailed description of the type package in which it was sold, listing the dates of each type of package used, a physical description of the package, and a description of any printed material or trademarks that appeared thereon.
 - (7) The percent of asbestos which it contained.
 - (8) The percent of asbestos by asbestos type (amosite, crocidolite, tremolite, anthophyllite, chrysotile).
- (c) The time period during which each of these products were on the market;
- (d) The material components/ingredients of each such product, giving specific or approximate percentage both by weight and by volume of each material component/ingredient (this interrogatory is not limited to the asbestos component of the product but seeks information as to the nature, weight and volume of non-asbestos ingredients, as well) of each such product;
- (e) How each of these asbestos-containing product can be distinguished from those of competitors;
- (f) A description of the physical appearance of such product;
- (g) A detailed description of the intended uses.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it

is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont manufactured and sold the following asbestos containing products: brake linings, disc pads, clutch facings and mufflers, and the generic names of the described products are self-explanatory.

The products were primarily intended to be used as replacement parts for cars and trucks. Certain of the muffler products were intended to be used as original equipment on automobiles. Maremont used trade names such as Grizzly, Ultra, Leland, Hyper, All-in-One, Over-the-Counter, Saftigrip and DD Silvertip, X-T Woven, Syncro, SS Metallic, Tru-Gard, Saftibond, Brake-In-A-Box, The Stop Box, Cherry Bomb, and Maremont.

Maremont friction products were sold to rebuilders. Maremont also sold passenger car brake products beginning in the late 1960s to Sears Roebuck & Company ("Sears"), who rebranded the products and sold them under the Sears brand name. Maremont ceased manufacturing, selling and distributing friction products on June 30, 1977, although it continued to distribute Nuturn-manufactured passenger car brake products to Sears after that date. Based upon available information, Nuturn-manufactured brake products sold to Sears no longer contained asbestos as of 1985.

With regard to brake products, based upon available information, only chrysotile asbestos was used and the percentage of asbestos in at least a portion of such products varied between approximately 32% and approximately 65%. Based upon available information, components of at least a portion of such products were:

Asbestos, 5R	Linseed Oil
Asbestos, 6D	Mineral Spirits
Asbestos, 7D	Oxide, Brown
Asbestos, 7M	Oxide, Red
Asbestos, 8T	Resin, Bakelite 5095
Barium ferrite	Resin, Borden 774-113
Barytes, Bleached	Resin Monsanto 6823
Barytes, Unbleached	Resin, Schenectady 868
Carbon, Black	Resin, Varcum 6019A
Cashew Particles	Rubber Dust
Cast Iron Dust	Seacoal
Emergy Flour	Silica
Hexamethylenetetramine	Sulfur
Lime	Talc

With regard to the muffler products, for certain of such products an encapsulated asbestos-containing paper, which was not manufactured by Maremont, was used between the inner shell and outer wrap. The type of asbestos used is not known. Based upon available information, the percentage of asbestos in the paper was approximately 87-88%. Maremont's

muffler products no longer utilized the asbestos-containing paper as of the late 1970s, when the original equipment manufacturers no longer specified its use.

Boxes containing friction products were either white or brown cardboard boxes. The boxes would either have the name Grizzly on the outside of the box or no name or the name of the customer, depending on the arrangement with the customer. It is believed that the friction products provided to Sears, prior to 1973, was in a plain white carton with a label. From 1973 to 1976 there was a running change to the Over-The-Counter carton with a man working on a car. All-In-One products were plain white with a label and a caution. From 1976 to 1977 there was a change to Over-The-Counter products with a stop sign and to the All-In-One products to a stop light on the carton and on brochures. The colors red and black were also contained on the product to connote the stop light. Boxes containing muffler products were either white or brown cardboard boxes and would either have the name Maremont on the outside of the box or no name or the name of the customer, depending on the arrangement with the customer.

6. Does Defendant or any of its subsidiary companies claim that any patent would cover any product listed in answer to Interrogatory No. 5? If so, please state the following:

- (a) The date of each patent;
- (b) The date same was issued;
- (c) The number of each patent application that is pending.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont has insufficient knowledge or belief to respond to this interrogatory.

7. Have any of the products listed above in answer to Interrogatory No. 5 been altered in chemical composition since first being marketed? If so, please state the following:

- (a) The trade name of each such product;

- (c) The nature of the alteration;
- (d) The reason for the alteration.

ANSWER:

See response to Interrogatory No. 5.

- (f) The amount of each asbestos product sold to each location during this period.
- (g) Please identify all documents relating to this distributor for the particular location.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont responds that from the late 1960s until 1977, passenger car brake products were sold to Sears Roebuck & Company ("Sears"), who rebranded the products and sold them under the Sears brand name. Maremont further refers plaintiffs to its response to Interrogatory No. 5 and to plaintiffs'

requests for documents and states it has insufficient knowledge or belief to respond further to this interrogatory.

8.01 Has Defendant ever purchased asbestos-containing products from any other Defendant?

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont responds: to the best of its knowledge, no.

8.02 If the answer to the preceding Interrogatory is yes, please state the following:

- (a) name each Defendant from whom this Defendant purchased any asbestos-containing product;
- (b) list each product purchased from each co-Defendant;
- (c) list the dates of each purchase of asbestos-containing products from each co-Defendant.

ANSWER:

See response to Interrogatory 8.01.

8.03 Has Defendant ever sold asbestos-containing products to any other Defendant?

ANSWER:

See response to Interrogatory 8.01.

8.04 If the answer to the preceding Interrogatory is yes, please state the following:

- (a) name each Defendant to whom this Defendant sold any asbestos-containing product;
- (b) list each product sold to each co-Defendant;
- (c) list the dates of each sale of asbestos-containing products to each co-Defendant.

ANSWER:

See response to Interrogatory 8.01.

8.05 Has Defendant engaged in the manufacture and/or sale and/or distribution and/or marketing and/or supply and/or purchase and/or use of non-asbestos-containing products for use in connection with temperatures above 125° Fahrenheit since 1930? If so, please state:

- (a) the date such activity began;
- (b) the years during which such activity took place;
- (c) the date when such activity was terminated;
- (d) if such activity was terminated, the reason(s) why;
- (e) the geographical area into which you claim the product(s) were sold, purchased, or used;
- (f) identify the organizational unit of Defendant so engaged;
- (g) the site(s) at which each such product was manufactured;
- (h) the material components of each such product, giving specific or approximate percentage both by weight and by volume of each material component of each such product;
- (i) the temperature ranges for which each product(s) was intended to be used;
- (j) the product's generic name;
- (k) the product's trade or brand name;
- (l) the container in which the product was shipped (i.e., paper bags, cardboard boxes) including the size and amount of the container;

- (m) a description of any logos, writing impressions or identifying markings which appeared on the product, as well as a description of the package used, the dates that type of package was used, and any logos, product names, trademarks, etc. which appeared on the package;

- (o) a detailed description of the intended method of preparation and application of the product;
- (p) a description of the physical appearance of the product, including size, shape, color and texture.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont refers plaintiffs to its response to Interrogatory No. 5. With respect to passenger car brake products manufactured by Nuturn and distributed by Maremont to Sears, based upon available information, non-asbestos-containing products were so distributed from the early 1980s until 1989 or 1990, when Maremont ceased its distribution role. With respect to muffler products, Maremont manufactured and sold non-asbestos-containing products at all times, even today. The asbestos-containing paper was used from the late 1950s to the late 1970s and only in those mufflers where the original equipment manufacturers specified its inclusion.

8.06 Did Defendant ever market or distribute any asbestos-containing product manufactured in whole or in part by someone else? If so, please state the following for each such product:

- (a) the name and address of the manufacturer;
- (b) the product's trade and brand name;
- (c) the organizational unit of Defendant who did so;

- (e) whether the product was distributed through the same channels as those

used for products manufactured by Defendant, and if not, please explain the exact channels of distribution;

- (f) identify all documents relating the marketing or distribution.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont responds as follows: Maremont marketed and distributed primarily products of its own manufacture. However, for low-volume items, Maremont occasionally bought disc pads from other brake lining manufacturers and other products and relabeled them. The major source of supply of disc pads was Lear Siegler, Inc. and Fras-le. Maremont sold these products under its own trade names. Maremont refers plaintiffs to its response to Interrogatory No. 5. Maremont states that it has insufficient knowledge or belief to respond further to this interrogatory.

8.1 Does Defendant have reason to believe that any of the asbestos-containing products listed in response to Interrogatory No. 5 were used at any of the sites listed on Exhibit A, attached hereto? If your answer is "yes", please state:

- (a) The basis of your answer.
- (b) Which of Defendant's asbestos-containing products listed in Interrogatory No. 5 were used at each job site listed on Exhibit A.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the general and specific objections, and without waiving same, during the 1970's, where required by Ford's and General Motors' specifications, certain muffler products sold to Ford and General Motors contained an encapsulated asbestos-containing paper, which was not manufactured by Maremont, between the inner shell and outer wrap. Maremont has insufficient knowledge or belief to respond further to this interrogatory.

8.2 For each company or business that Defendant knows may have marketed, distributed, installed, and/or sold those products listed in response to Interrogatory No. 5, please state the following as to each job site listed on Exhibit A:

- (a) The name and address of each such company;
- (b) The date of each sale from Defendant to such other company;
- (c) The name of the person at each other company with whom Defendant primarily dealt.
- (d) Names and quantities of the asbestos-containing products that you marketed, distributed, installed, and/or sold to each such company from 1950 to 1974.
- (e) Identify all documents relating to the sales to each such company.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the general and specific objections, and without waiving same, Maremont refers plaintiffs to its response to Interrogatory No. 8.1 and to its responses to plaintiffs' requests for documents. Maremont states it has insufficient knowledge or belief to respond further to this interrogatory.

8.3 If you do not know any business that may have marketed, distributed, installed, and/or sold the products listed in response to Interrogatory No. 5 to any of the job sites listed on Exhibit A, please state the names and last known addresses of those companies who Defendant knows marketed, distributed, installed and/or sold their asbestos-containing products in Ohio from 1950 to 1974. For each of those companies, please state the following:

- (a) Name and address of each such company;
- (b) The dates of each sale from Defendant to such other company;
- (c) The name of the person at each other company with whom Defendant

primarily dealt;

- (d) The names of the asbestos-containing products that Defendant marketed, distributed, and/or sold to each such company from 1950 to 1974.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont refers plaintiffs to its responses to plaintiffs' requests for documents and states it has insufficient knowledge or belief to respond further to this interrogatory.

8.4 Does Defendant have records and/or any knowledge that reflects sales of their asbestos-containing products to any of the sites listed on Exhibit A, attached hereto? If so, please state the following as to each job site listed on Exhibit A:

- (a) The names and last known addresses of those people with such knowledge.
- (b) The location of such records.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont refers plaintiffs to its responses to plaintiffs' requests for documents.

9. Did Defendant or any of Defendant's distributors, as listed in response to Interrogatory Nos. 8.1, 8.2, and/or 8.3 have sales representatives who specifically called on the sites listed on Exhibit A, attached hereto, from 1945 to 1975? If your response is yes, as to each

site listed on Exhibit A, please state the following:

- (a) The name and last known address of each such representative and whether they are still employed by Defendant;
- (b) The period of time they acted as your representative;
- (c) Their general responsibility as to each facility;
- (d) Whether that person is still alive; and
- (e) Any documents relating, referring or pertaining thereto.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont has insufficient knowledge or belief to respond to this interrogatory.

9.1 Identify all managers and sales personnel responsible for your sales or installation of any asbestos-containing products in Ohio from 1930 to the present and state their position, last known address and the local or regional office through which they were employed.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont has insufficient knowledge or belief to respond to this interrogatory.

10. Did Defendant ever have any division or subsidiary engaged in the contract business of applying or removing asbestos-containing products? If so, please state:

- (a) The name of each subdivision;

- (b) The full address of the home office and the date such subdivision or subsidiary was engaged in this contracting business; and
- (c) Whether said division or subsidiary conducted such business at any of the sites listed on Exhibit A from 1940 to 1975? If so, please state the following as to each job site listed on Exhibit A:
 - (1) The dates of such contracts;
 - (2) The specific asbestos-containing products that were used or removed in each contract.

ANSWER:

See general objections. Maremont also objects to this interrogatory on the grounds that it is overbroad and unduly burdensome, vague and ambiguous, not relevant and not reasonably calculated to lead to the discovery of admissible evidence. Subject to the foregoing Preliminary Statement and to the general and specific objections, and without waiving same, Maremont responds: no.

Maremont cannot specify the precise source of information it obtained from 1953 to 1977, but states generally that it received asbestos-related health and safety information from the general news media and from industry, trade and governmental publications. Maremont further refers plaintiffs to its responses to plaintiffs' requests for documents.
