Systems

The following is the agenda for the Plant Manager's Safety Board for the meeting to be held on July 10, in the Cafeteria Conference Room at 3:00 P.M.

OLD BUSINESS

1. Testing Pressure Tank Bombs--G. T. Rayn
2. Supervisory Safety Training

Because the textbooks are not available from National Safety Council until late summer, this training course has been postponed until September. The Superintendents and instructors will be kept informed.

See attached plan of GTR
some in 41
Ryan to contact 41 Suprn.
Expense not Capital.

NEW BUSINESS

1. Hourly Safety Committee

Since a new committee has just been elected and formed, there are no items to be brought before the Board at this time.

2. Springfield's Safety Performance Index

The sub-committee has met several times, but is not ready to report to the Board.

3. Major Incident Investigation--Mr. Chamberlin

Mr. Chamberlin will review the philosophy of major incident investigations with specific reference to the incident of the leak in the propane supply line.

1st meeting held.
Few specific items to be referred to L Schwab.

C. L. Gilmore
Secretary

JMC wants :-

CLG:lt

Action + Recommendations to (if at all possible) be specifically assigned to individuals or groups.

Process Hazards -
Gil wants answer back to his inquiries given at last meeting.

Question:

RVB
Should he check his ethylene piping for this type corrosion?
