Dr. R. R. Sayers
Office of Industrial Hygiene
and Sanitation
U. S. Public Health Service
Washington, D. C.

Dear Dr. Sayers:

I am sending to you herewith copies of some records, letters etc. on various cases of complaint which have come to my attention since I last communicated with you. This brings the file up to date.

There is very little of interest except for the one which I reported to you some time ago, the case of one Paul Kiver, a pump repairman whose medical record is enclosed in this group.

As I previously told you, we are undertaking a rather thorough-going investigation of the hazards associated with this occupation and we will report to you fully when we have information.

With kindest personal regards and
the Season's Greetings,

Cordially yours,

RAK:is

Robert A. Kehoe, M.D.
