~~Bill Sutton~~ *Charles Davis*
Tina Winfield - NOT IN ATTEND.
Don Young ✓

I have scheduled a meeting for Thursday, September 11 at 9 a.m. in the Safety Library. The discussion will relate to the need of installing a program to collect employee work histories for the period 1950 through 1971.

Please call me if you cannot attend. -

Bill
✓ W. E. Smith

*B. Smith requested estimates from M1SD
to check U. of Pittburgh - may use Bureau tapes &
work histories*

*MEHI - work history 1 - to 1978 - not in data base - no need
service plan*

SUBJECT Cost Estimate

REFERENCE

TO P. E. Bureau

The following is the Cost Estimate to add personnel records to Payper for years 1950 - 1972.

Assumptions Used

Salary personnel 1950 - 1972	2895
Wage personnel 1950 - 1972	3685
Keypunch strokes/salary person	500
keypunch strokes/wage person	1750
Keypunch rate strokes/hour	2000
Rate per hour	\$6.10

$$\frac{500 \times 2895 \times 6.10}{2000} = \$4415$$

$$\frac{1750 \times 3685 \times 6.10}{2000} = \$19668$$

Total Keypunch Cost	\$24000
Programming Cost to build file	3000
Installation	1500
Testing	1500
Documentation	1500
	<u>\$31500</u>

3950 Hours of Keypunching = 23 months--
could be reduced by 20-25% if wage changes were not
keypunched//

We do not feel we could handle this with our current keypunch staff and would recommend we either farm out the job or hire a few manpower people to do the work in house.
