Dear Mr. Acheson:

Mr. Al Corsano, of our Marketing Department, has forwarded your letter of January 4, 1971 to this department for reply. We are pleased to provide you with the following statements relating to the FDA sanction status of Tenneco's 17F resin:

Tenneco 17F PVC resin complies with FDA sanctions for PVC resins as specified in the appropriate paragraphs under Part 121, Subpart F of the Code of Federal Regulations.

Tenneco 17F PVC resin may be safely used with the proper manufacturing care as the food contact surface of articles intended for use in producing, manufacturing, packing, processing, preparing, treating, packaging, transporting or holding food in accordance with the provisions of the Code of Federal Regulations for PVC resins.

Thank you for your continued interest in Tenneco resins. If you have any additional questions, please feel free to contact us.

Very truly yours,

TENNECO PLASTICS DIVISION
