One more try....

Does anyone object to doing this call at 4pm tomorrow? (Tuesday, December 12)

Hi Everyone,

Due to conflicts, we're hoping to reschedule this meeting for TUESDAY, Dec. 12th at 5:00pm. The meeting will now be a call-in, instead of a meeting.

If this poses schedule problems for you, please let me know ASAP!

Maggie

Hi Everyone,

Mike would like to schedule a pre-meeting (Monday or Tuesday) before the California meeting next week.

Here are windows for Mike. Please let me know what works for you! Happy to set up a call as well for those who can't attend in person:

Monday: 1-2:30pm, 3-4pm, 4:30-6pm
Tuesday: 1-4pm, 4:30-6pm

Please let me know what works for you.
Maggie

Hi Everyone,

We are confirmed for the meeting in California next Friday morning, December 15th, at 9am in Los Angeles. The location is Los Angeles CleanTech Incubator (LACI) 525 S. Hewitt St, Los Angeles. (FWIW- I plan to fly Mike out Thursday evening and back on an early afternoon flight on Friday.)

Delta, Virgin, and American have good direct options from DCA into LAX.

Let me know how I can be helpful. I hope this works ok for everyone!
Maggie

Hi All,

We're really hoping to make this work for a meeting in Sacramento the afternoon of Thursday, Dec. 14th. If you can possibly hold calendars to fly out the morning of Thursday, Dec. 14th, meet that afternoon, and then fly back to DC the morning of Dec. 15th, that would be great. I'll send over more details when I have them! Still waiting and hoping for a few schedules to fall into place.

Thanks!
Maggie

Bill, James, Heidi, Jonathan, and Jeff:

I'm helping Mike plan this meeting to California next week and I wanted to work with each of your assistants to align schedules and all logistics. My plan is to get the timing set and then find the best DC-->Sacramento flight that works for the meeting.

Let me know the best person to work with on your end!

Maggie

The purpose of the meeting is to discuss CAFE-GHG standards with California regulators. Here are the attendees:

EPA: Bill Wehrum
DOT/NHTSA: James Owens, Heidi King, Jonathan Morrison
OIRA: Jeff Harris

Can you help coordinate with these folks? Also, I'll need to get a plane ticket at some point. Can you help with that, too? Thank you!

Mary, it's a deal! Copying Maggie on my end. Look forward to it.

Best,
Mike

Good morning from Tokyo, where I am paying a long overdue visit to Japanese OEMs.

I would be pleased to meet with you and your colleagues the week of Dec.11 in California. If there is time in your schedule we can offer a tour of our LA vehicle testing facilities and lab. My board has its monthly public meeting on Thursday the 14th in Sacramento, with a holiday party the evening before, so Wednesday or Thursday afternoon in Sacramento is probably most convenient. Shall we put our schedulers to work on this?

Best,
Mary

We were wondering if we could return the favor by coming to meet with you in California, about next steps, sometime the week of Dec. 11, preferably later that week. And if it has to slip to early the following week, that's fine too. Thanks for considering, and look forward to meeting soon.

Specifically, from DOT: Heidi King, Acting Administrator, NHTSA; James Owens, Deputy General Counsel, DOT; Bill Wehrum, (assuming he's confirmed Thursday to be Assistant Administrator for Air and Radiation, EPA); and Jeff Harris, Associate Administrator, OIRA. Also, we are happy to discuss the issues you raised below. Look forward to meeting.
