INTER-OFFICE
CORRESPONDENCE

Dr. Robert A. Kehoe,
College of Medicine,
Eden & Bethesda Aves.,
Cincinnati, Ohio.

Dear Dr. Kehoe:

Enclosed is a letter from
Dr. L. C. Smith of Hamilton, Missouri, dated
May 3rd, which was forwarded to us by General
Motors. We would appreciate your advice as to
what, if anything, should be said to Dr. Smith.

Very truly yours,

A:H

Dr. L. C. SMITH
HAMILTON, MISSOURI

May 3 1931

RECEIVED

General Motors
Research Dept.
Detroit Mich.

Gentlemen,

Would it be possible for you
to please write me in regard to the form
of lead that goes into Ethyl Gas? MAY 5 1931

Ther reason I am asking this of you
is that my attention has been called to
some hogs that have gotten sick, and several
have died after being sprayed with crank
case oil that was drained from cars.

We are inclined to believe that
they are poisoned perhaps both from
absorption and haveing eaten some that
got on ~~to~~ the feed.

Any information that you would
be able to give me in this matter would
be very much apreciated.

Very Truly Yours

LC/Sm
