STYLING WITH 'TRIM PAINT'

Often, the smart appearance of your house depends on your clever use of Exterior Trim Paint. Just the right contrasting color on window frames, door jams and sills, porch posts and cornices . . . will give the needed accent that results in . . . distinctive individuality and style. Without the introduction of this contrast in your chosen color scheme, your house may look pale and drab . . . be definitely less distinguished-looking. Sherwin-Williams Exterior Trim Paint—now available at Frazee's—is tops for this important styling purpose.

Before you decide on your Color Scheme, stop in at Frazee's and consult the Sherwin-Williams Style Book, filled with large full color photographs of beautiful and well-styled Exteriors, whose color treatment has been created by highly skilled artists in the Decorating Field.

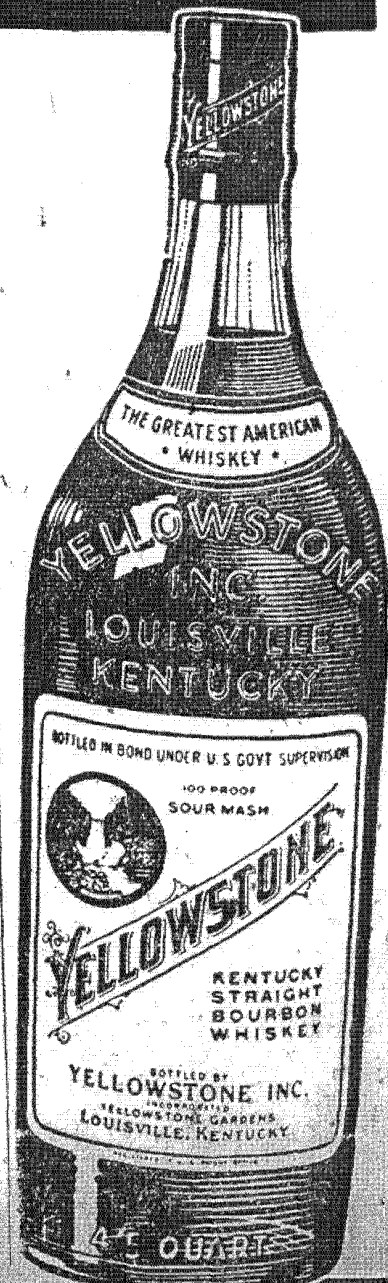

Are you looking for a reliable Painting Contractor? CONSULT FRAZEE'S. It's a good way to get in touch with a good man.
