Dear Lindsay:

As we discussed, Vista recently completed TSCA inventory description corrections for our alkylate products including the 3050 Specialty Alkylate you are reviewing. The new inventory description and CAS Number are as follows:

> Benzene, Mono C_{10-13} Alkyl, Fractionation Bottom, Light Ends, CAS # 129813-62-3.

The MSDS you have is the most current. We are in the process of revising the alkylate MSDS's at this time to reflect the new inventory descriptions.

Sincerely,

Thomas G. Grumbles, C.I.H.
Manager Environmental Affairs
