Subject REQUEST FROM GENERAL MOTORS CORP.

Per my discussion with Dave Kloepper, I am forwarding to you a letter we recently received from General Motors Corporation requesting toxicological data on all products we supply to GM either directly or through distributors.

In discussing this problem with Dave, he confirmed my impression that we do not have a total list of all products we sell to GM. He suggested that you request your regional Marketing Manager to visit the appropriate person in GM Corp. headquarters to determine how best to compile a product listing.

Please call me if you have any questions.

A handwritten signature in cursive script, appearing to read 'Ed'.
