The Employee Relations Department concurs with your request that we approach Dr. Selikoff regarding his participation in the videotape to use in educating employees about asbestos.

As we discussed, I recommend that you meet with the EPC Thursday, August 6, to ask for the non-objection of its members. After that, if you wish, I will visit Dr. Selikoff to discuss the issue with him and seek his cooperation.

DUP 0937129

You and Du Pont. There's a lot of good chemistry between us.
