Dear Mr. Roegge:

Reference is made to your letter dated July 21, 1977, requesting a report of Industrial BIO-TEST, number J-7300 dated 6/4/70, in which you believe may be pertinent to the current ongoing PBB trial in Cadillac, Michigan.

We are not at liberty to comply with your request at this time because we do not have authorization to release any information from the sponsor of the study in question.

If you wish to pursue your request, you will need to obtain written authorization from the sponsor of that study before we could release any information. It is our judgement that you should probably direct your correspondence to Dr. George Roush Jr., Medical Department, Monsanto Company, 800 N. Lindbergh Blvd., St. Louis, Missouri 63166, in requesting such information.

Sincerely,

Fred R. Current
Corporate Attorney
