Subject: 6/9/99 C-8 Sampling

Pat,

Samples were taken today from 1:30 PM to 6:00 PM in the following locations:

inside the C-8 recovery building

inside the C-8 recovery building control room

recovery building roof

smoking area

roof area outside lunchroom

The wind conditions were 3-5 mph out of the north at the start of sampling and out of the south/east at the end of sampling.

Bubbles were noted once coming from one of the candles at the end of the sampling.

The samples will be sent to Teflon* Lab for analysis.

If you need additional samples, please let me know.

Becky
