Dear all,

I just sent out the information on the extension of the call for evidence.

I checked in our mailing system and as far as I am aware, we had requests from Plastics Europe 5.1.2e 5.1.2e Cefic (more exactly FPP4EU, 5.1.2e Bundesverband Wärmepumpe 5.1.2e and EPEE 5.1.2e These associations were notified by me.

Please inform other associations/companies that only sent their request to you as well or forward their mail to me (might be I missed some request) and I will send the generic mail as you prefer.

I only wrote the following: ' Thank you for your request. This is to inform you that the five authorities in charge of the restriction proposal agreed to extend the deadline for submitting information in the second call for evidence from the 19th of September to the 17th of October 2021.'

I also updated the survey. Should be plain on the first page of it.

The German websites will be updated in the course of the week (hopefully already tomorrow).

Best regards,
