WEAR AND TEAR BEGIN AT THE SURFACE Save the Surface and You Save All Paint Protection is Economy

A building painted with W. P. Fuller & Co.'s Paint is wrapped in a weather-tight covering.

Dwellings, Barns, Fences and other structures, whether of Wood, Metal or Concrete should be preserved from decay and deterioration by the use of good paint. A square yard of paint coating upon a surface costs a few cents, yet it will beautify and protect dollars' worth of property for many years. Destructive elements are always at work, a little chip here, a little spot of decay somewhere else, and soon the building is an old building, and paint, W. P. Fuller & Co.'s Paint, would have prevented the destruction.
