

1 Dilaudid.

2 What is Dilaudid?

3 A Actually eight milligrams, because it is
4 two, four milligram tablets. Dilaudid is probably the
5 most potent narcotic pill that there is.

6 If you are going to be on a narcotic by
7 mouth, Dilaudid is, I think, the strongest.

8 Q Now, there is also a note in here that says
9 he is unable to get around better, he can't take a
10 shower and dry off without gasping?

11 A Without gasping.

12 Q Is that consistent with advanced pleural
13 mesothelioma, that just the mere taking of a shower
14 can cause gasping?

15 A That is a terminal state. That is weeks to
16 months.

17 Q Then, in October of 1993, this is around the
18 time when Mr. Grewe passed away, there is a notation
19 here.

20 Is that transcoscopy?

21 A No, that is Transcop, that would be a
