In re: James F. Noerr and wife

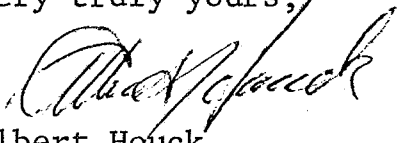

Dear Dr. Kehoe:

The Sitkin's Smelting Company and the insurer have failed to make any amicable move so we have instituted a suit in equity looking toward an injunction and damages.

I propose to institute discovery proceedings against the Smelting Company and have prepared a draft of questions to elicit from them information that might help our case. I am enclosing a copy of the proposed questions which are to be answered in writing, and then if necessary to be followed by an oral examination.

It would be appreciated if you would read these questions and give me your suggestions of any changes or additional matter which you would like to know to help you in supporting your opinion. Please feel free to make suggestions.

Very truly yours,

Albert Houck
