Dear Dr. Kehoe:

Thank you for your recent letter regarding the April meeting of the American Industrial Hygiene Association. As Dr. Treon may have told you, we are so tied up here with our war job this year that I am afraid we will be unable to offer any material for the program. I am sorry about this. The only suggestion I have about a program might be a symposium on skin absorption and skin protection. This arises from a selfish interest and therefore, I cannot request it strongly.

I shall look forward to seeing you at the meeting.

Yours very truly,

Harold C. Hodge
