Dr. R. A. Kehoe,
Kettering Laboratory of Applied Physiology,
Cincinnati, Ohio.

Dear Dr. Kehoe:-

We wish to thank you for your letter of March 8th regarding examinations of Insecticide Department employees.

Mr. Schnedeker discussed this matter with Dr. Gehrman when he was in Wilmington recently, and it was decided not to do anything about this at present. We will write you if we should decide to have a group of men checked at some time in the future.

Very truly yours,

W. A. SCHNEDEKER, WORKS MANAGER

V. B. Beam, M. D.
