

The first of these is the fact that the  
 government has been unable to  
 maintain a stable currency. This  
 has led to a loss of confidence  
 in the government and a  
 consequent loss of support  
 from the people. The second  
 is the fact that the government  
 has been unable to maintain  
 a stable economy. This has  
 led to a loss of confidence  
 in the government and a  
 consequent loss of support  
 from the people. The third  
 is the fact that the government  
 has been unable to maintain  
 a stable society. This has  
 led to a loss of confidence  
 in the government and a  
 consequent loss of support  
 from the people.

Discussed Industrial Hygiene Bulletin 126 on April 29, 1987 at 8:15 am with B. M. Cole and R. Benton. They have agreed we have a special situation in which labeling is not practical. M. Cole still would like us to consider marking, by color coding or whatever we find practical, newly installed asbestos to avoid unnecessary special handling expense in the future.

Ron Benton is to be our asbestos contact. We agreed to stay in contact with him on all asbestos operations.
