

ENVIRONMENTAL PROTECTION AGENCY
REGION IV
SURVEILLANCE AND ANALYSIS DIVISION
ATHENS, GEORGIA 30601

Mr. J. Leonard Ledbetter, Director
Environmental Protection Division
Georgia Department of Natural Resources
270 Washington Street, S.W.
Atlanta, GA 30334

Dear Mr. Ledbetter:

Listed below, please find EPA's split sample results for the September 21-23, 1976, study at Rome, GA. Also listed is the result for the one grab sample of dried sludge obtained from the Rome, GA Wastewater Treatment Plant.

Station No	Location	Date Sampled	PCBs (mg/kg)			
			Aroclor 1016 mg/kg	Aroclor 1254 mg/kg	Aroclor 1260 mg/kg	Total mg/kg
OT-1	Little Dry Creek	9/22/76	3.8	4.8	28.6	37.2
CT-1	Horseleg Creek	9/22/76	0.64	N.D.	2.6	3.2
#2 Sludge Bed	Rome STP	9/22/76	N.D.	4,922	N.D.	4,922

A copy of EPA's report on the Rome, GA STP will be forwarded to you within one week. When completed, we would appreciate a copy of your report of investigation of the General Electric Company at Rome.

Sincerely your,

James H. Finger
James H. Finger
Director
