Subject: Response requested by COB today for Alpine travel
Importance: High

Hello all,

As part of the ConocoPhillips Alaska Alpine/Greater Mooses Tooth-1 tour scheduled for the afternoon/evening of Thursday, June 21, we have the opportunity to see the GMT-1 drill rig in operation as well as access various areas of the Alpine facility. These areas require steel-toed footwear and flame-resistant clothing (FRC).

If you are planning to participate in the tour, and if you haven't already submitted the information below to me, please do so by COB today:

- 1) Shirt size (S, M, L, XL, 2XL)-Conoco will use this information to reserve appropriately sized FRC for you
- 2) Boot size-if you are not able to bring your own steel-toed footwear
- 3) Date of birth-if you have not already provided this to me
- 4) Full name-if you have not already provided this to me

For any folks not on this email who you know are planning to tour Alpine, please forward this message to them and copy me. If you have any questions, please let me know. Thank you!
