Re: Joyce M. Brooks v. Union Carbide Corporation

Dear Mr. Wooden:

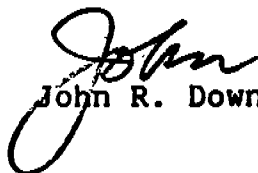

I enclose a memorandum dated August 24, 1989 with attached MSDSs.

The product which was identified as POD-121-2 is a natural pelleted peroxide, which is part of the polyethylene compounds.

You will note that the MSDS was created no sooner than May 16, 1986.

If there is additional information that you need, feel free to call.

Very truly yours,

  
John R. Downey
