hazards to it.

Q Specifically, were you aware of the hazards of asbestos dust?

A I have never gotten involved with asbestos to where I would be afraid of working around it, even on the brake systems.

I didn't know what kinds of health problems it would give you. I never knew it would give you cancer or anything like that.

Q So you had some general idea about the hazards?

A Later on.

Q And that is when you began to use the respirator; is that what you are saying?

A Yes.

Q With respect to the manufacturer Fomoco, is that Ford Motor Company?

A Yes.

Q Their boxes that contained brakes, do you
