Hi Will,

Right now we have the reg reform session for 10 AM, but we are meeting from 8:30-4:30 and Ms. Dravis could speak any time during the meeting. It is at the Hill Room at the Liason Hotel, 415 New Jersey Ave NW.

We expect to have about 40 members, who will mainly be environmental managers at aggregate producers/construction companies like CEMEX, Vulcan, Martin Marietta, etc. So they are very interested in regulatory reform, particularly WOTUS, and understand environmental regulations but not necessarily the process that EPA will be using to make regulations more reasonable for business. Any insight she could offer would be great.

Hi Emily,  
Brittany asked me to connect with you as our Associate Administrator for Policy, and Senior Council to the Administrator, Samantha Dravis, would be glad to accept your speaking invitation. I have copied Will here who will follow-up with you shortly to learn more about the event and plans for Samantha's role including logistics etc. Thanks very much and take care.

We appreciate the effort that you at EPA are putting into fixing the Waters of the U.S. rule and general regulatory reform.

We are having a meeting here in Washington at the Liaison Hotel and wondered if you would be available to speak on September 28; our members are very interested in regulatory reform work at EPA. Please let me know if you have availability.
