SUBJECT: SAFETY PROGRAM FOR FEBRUARY, 1991

Safety Meeting

Presentation - Environmental Awareness (Video)

Review near-misses at CCU, Proler Corp., and Platformer II.

Review CS-8 - Complex Firewater System

Utilizing the HSO Program, all operators to test on S-110 and S-125 (Hazcom and Asbestos). Foreman to also review orders in safety meeting.

Review Accident Prevention Reports. See binder. JSA to be done per attached schedule.

Emergency Drill

HT3 Emergency Drill

Wednesday; Time: 9:00 a.m.; Wind Direction: South

K-H3-603 out for maintenance due to leaking valves. Operator making unit inspection notices smoke coming from sub-113. Seconds later K-H3-604 trips out. Breaker for K-H3-604 has been smoking and tripped out. Handle this situation considering safety. Environmental and reliability concerns.
