Subject: Invitation to Ranching Beyond Fences Producer Panel
Attachments: NRI & PERC Invitation.jpg

Tate and Ken,

You should have already received an invitation. But, I wanted to make sure you did. Please, find attached. This is an event we are hosting with Property Environment Research Center (PERC). I am wanted to start having more of these events focused on private land stewardship – public benefits. Each event will focus on separate issues. This upcoming event will focus on wildlife and working lands such as ESA.

If you would like to give a few words or Administrator Pruitt over land stewardship – public benefits please let me know and we will work this into the event.

Also, would love to follow up one on one if you have time earlier on the 1st or 2nd.

If I can be of any help, please don't hesitate in reaching out. Look forward in catching up.

Chad Ellis
