To All Members of the LIA-ILZRO Health and Safety Committee:

RESEARCH PROPOSAL--"EFFECTS OF AIR POLLUTANTS ON PLANTS"

On January 7, 1965 a copy of the above proposal which we had received from the University of Utah was sent to you for your consideration. A nearly unanimous response was received indicating a lack of interest among our members in this subject. Our ILZRO Staff members are of the same opinion. Accordingly, we have written to Professor Hill declining to participate as sponsors.

Very truly yours,

Don G. Fowler

Don G. Fowler, Secretary
Health and Safety Committee
