asbestos fibre in any
incorporation of asbestos fibre as a rein-
forcement in substrate compounds. This
has been tacitly acknowledged by the respective
manufacturers who have now discontinued both
[illegible] - sprayed asbestos is only applied in
set form, and all major manufacturers of
[illegible] in vulcanisation compounds have eliminated
asbestos fibre from their product.

2. [illegible] in the great majority of cases it has been customary to paint or otherwise to coat the asbestos cloth after it has been installed, and this coating has effectively sealed the cloth [illegible] as possible [illegible]

3. [illegible] should [illegible]

A. [illegible]
