for once, I won't submit any additional papers.

THE COURT: You will submit based on the previous submission to the Court?

MR. WILLIAMS: Correct, including the one that we filed this morning.

THE COURT: Very well. After giving due consideration to Ford Motor Company's Motion for Judgment on all plaintiffs' claims, it is clear that this is a matter that must be resolved by the trier of fact.

Under those circumstances, the motion by Ford Motor Company for judgment will be denied.

Counsel, on the issue of the verdict sheets, the Court will be preparing the verdict sheets, and I am in the process of doing, that and by the time we conclude reviewing the Ford Motor Company requested jury instructions, I hope to have a copy to submit to all of you for your review.

One was submitted on behalf of Mr. Wood. However, a question was missing, which is question 5 relating to strict liability.
